

POSaBIT Payments *Relax. We've got this.*

Reliable, compliant cannabis payments that just work

Since 2015, we've ensured that our industry has reliable cashless options, attentive support, and robust reports.

Stay a step ahead with

You'll stay competitive with our best rates and the best payments options available in cannabis. When there are better options, you'll be the first to get access. With POSaBIT One hardware, you're able to easily add or remove payment options without changing hardware.

POSaBIT One: One device for peace of mind

Easily activate any cashless solution on devices your team is already familiar with, without costly new hardware or confusing new layouts. Budtender-friendly features like smart tipping make things easier than ever.

Robust real-time reporting at your fingertips

Run reports, export to your accounting system, reconcile payments and deposits, and view budtender sales performance from the dedicated payments portal. Bookkeepers and accountants love the reports. And our award-winning domestic live support and training teams will make sure you get everything you need to support your business.

The security & compliance you expect from POSaBIT

As a public company, our customers and investors expect us to meet the highest standards for security and compliance. We offer **256-bit or greater end-to-end encryption, TLS 1.2** or higher connections, and ongoing compliance and security training and testing.

The last payment device you'll ever have is here.

Innovation at the Core

Rest easy with POSaBIT
