

How to setup your digital wallet: **Google Wallet**

Using a Digital Wallet, you can make purchases quickly and securely with your smartphone at a payment terminal or online.

SET UP IS EASY. HERE'S HOW:

1. **Open the Google Wallet app on your Android phone.**
If you don't have it yet, download it from the Google Play Store. (Note: If you have more than one Google account on your phone, make sure you're signed into the one you want to use with Google Wallet. You can switch accounts by tapping your profile icon.)
2. **Tap Add to Wallet.** Then select Payment card and choose New credit or debit card.
3. **Tap Add a credit or debit card.**
4. **Use your camera to scan your SCCCU debit or credit card,** or enter the details manually.
5. **Follow the prompts to verify your card.**
6. **Your card is now in your wallet and ready to use.**

IMPORTANT: You may see a small temporary charge on your account during setup. This is a verification step and will disappear shortly. It does not affect your balance.

SIMPLE TO USE.

Once you set up your digital wallet, here's how to use it:

1. Look for the contactless symbol at checkout
2. Unlock your phone
3. Hold it near the payment terminal
4. You'll see a checkmark or feel a vibration when payment is complete

SAFE AND SECURE.

Your digital wallet uses encrypted payment information to help protect your card. Most devices also require a passcode, fingerprint, or face recognition to authorize payments.
