

How to setup your digital wallet: **Samsung Wallet**

Using a Digital Wallet, you can make purchases quickly and securely with your smartphone at a payment terminal or online.

SET UP IS EASY. HERE'S HOW:

1. **Open the Samsung Wallet app on your Samsung phone** (If you don't have it, download it from the Galaxy Store or Google Play.)
2. **Sign in to your Samsung account** (You may be prompted to sign in or create one.)
3. Tap **Add to Wallet**, then select Payment cards
4. **Use your camera to scan your SCCCU debit or credit card**, or enter the details manually.
5. **Follow the prompts to verify your card**
6. **Your card is now in your wallet and ready to use**

IMPORTANT: You may see a small temporary charge on your account during setup. This is a verification step and will disappear shortly. It does not affect your balance.

SIMPLE TO USE.

Once you set up your digital wallet, here's how to use it:

1. Open Samsung Wallet or swipe up from the bottom of your screen
2. Authenticate using fingerprint, PIN, or iris scan (if enabled)
3. Hold your phone near the payment terminal
4. You'll see a confirmation when payment is complete

SAFE AND SECURE.

Samsung Pay uses encrypted payment information to help protect your card. Authentication is required before each purchase, adding an extra layer of security.
